Core Values and Principles
These serve as "compass points" that guide the organization’s development, culture, strategy, and sustainability.

Major Milestones
These milestones will take time, energy, and resources to meet, but will be significantly impactful to the mission and organizational development strategies as well as our intended outcomes.

Services and supports for early childhood social and emotional well-being are strengthened.

A culture and framework for learning and evaluation is established.

Awareness of our services and impact is increased.

Mission: Build safe, supportive, and healthy early childhood settings and systems where children and professionals learn and grow.
